KEEPING THE POOLS CLEAN & OPEN

- When the pool is contaminated with fecal matter, the pool must close.
- Take your children on restroom breaks and check diapers often. Waiting to hear "I have to go" may mean that it's too late.
- Children 3 years of age and younger are required to wear a tight fitting "swimsuit diaper". Please check condition of **diaper** regularly.
- Change swim diapers in the restroom or a diaper changing area; **not in the pool area**. Germs can be spread in and around the pool.
- After using the restroom, thoroughly cleanse (especially the diaper area) with soap and water before swimming. Invisible amounts of fecal matter can be spread into the pool.
- Patrons are not permitted to swim in the pool if they are suffering from an illness that causes diarrhea or have had diarrhea in the past two weeks. You can spread germs in the water and make other people sick.
